SKILLS

React & Redux

JavaScript (many libraries)

PHP/LAMP Stack

Python

HTML/CSS

Databases

Team Lead & Scrum Master

The Force

ERIC VINTIMILLA

SENIOR SOFTWARE ENGINEER

A proven record of success in designing, developing, and documenting new innovative applications. Coordinated projects while working with people of varying position and functional areas while consistently streamlining business processes and managing multiple projects delivered on time. I possess exceptional communication and presentation skills and the ability to develop and lead high-performance teams. Human Dynamo and moral booster. I don't like to pigeonhole myself. I pride myself on the fact that I'm the Swiss Army Knife of any team: I readily adapt to any situation and I thrive in a challenge. I excel in big-picture thinking.

EXPERIENCE

Consultant - ProActive Resources
June 2017 to present

Responsible for financial application development in the LAMP stack, as well as Front-End lead.

Senior Software Engineer & Scrum Master - vmware
June 2015 - June 2017

Responsible for full lifecycle design and development of AirWatch's portal applications that allow for automation of processes and access for external customers. Work in a fast-paced, Agile-based environment and focus on cutting-edge distributed SaaS-based applications. Expand existing capabilities and engineer new projects from scratch.

Senior Software Engineer & Scrum Master - Shoutlet
June 2014 - June 2015

Work as an Engineer and Scrum Master in order to improve Shoutlet's Social Media analytics capabilities. This includes adding new features (and debugging existing ones) which interact with various Social Media APIs, such as Facebook, LinkedIn, Twitter, Sina Weibo. Also involves debugging issues, generating dynamic charts based on big data, and architecting better methods for handling data and changes.

Software Engineer - Oracle
February 2013 - June 2014

Acted as Lead on a Scrum team to architect and build Oracle's Paid Media product, which allows better management of Facebook ad buying.

Software Engineer - Salesforce
November 2011 - February 2013

Application development in PHP on Symfony MVC Framework. Database and query optimizations in MySQL. Server administration on linux machines. Technical Product Support.

EDUCATION

MS Software Engineering

September 2007 - May 2010, Pennsylvania State University - Studies focused on the software development life cycle, IT project management, database design, human-computer interaction, and data mining. Created working prototypes for numerous web site and desktop projects, as well as an Android-based smartphone application.

BA International Relations

September 1998 - December 2011, East Stroudsburg University - This program concentrated on the history, geography, and political systems in Latin America. Also minored in Computer Science and studied hardware configuration, software development, and system security.
